

# Incident Command System Training for Paid On-Call Volunteer Firefighters

DEPARTMENT OF CONTINUING EDUCATION

## OVERVIEW

Through a court decision concerning the Lake Wabamun incident and conviction under the *Alberta Environmental Protection and Enhancement Act*, for the failure of a company to take all reasonable measures to confine the effects of a release of a hazardous substance, funding for the development of training for paid on-call/volunteer fire fighters was made available. NAIT was called upon to develop and deliver three levels of Incident Command System (ICS) training in an eLearning environment with \$70,875 in funding to be used for scholarships for the firefighters.

NAIT has developed the ICS100 and ICS200 courses, which fully comply with the recent new standards and curriculum approved by Alberta Emergency Management Agency and ICS Canada. The ICS300 course will be developed once ICS Canada finalizes the curriculum.

The ICS100 and ICS200 courses are delivered through the Internet, enabling a completely flexible study schedule for the student.

Paid on-call/volunteer firefighters are invited to register for the training courses. Upon successful completion of the ICS200 course, firefighters will be reimbursed for the tuition fees under the scholarship initiative. To be eligible you must be an Alberta resident and a paid on-call/volunteer firefighter.

### Introduction to Incident Command System [ICS100]

Introduces the Incident Command System (ICS) and provides the foundation for higher level ICS training.

Fees: \$25    Hours: 5  
Oct 24 to 30 | Nov 7 to 13

### Basic Incident Command System [ICS200]

Learn the use of the Incident Command System (ICS) to manage resources and the management required for initial action incidents. This course provides the foundation for higher level ICS training and builds on ICS100, going into more detail of the features and principles and organizational structure of the Incident Command System. Course participants will be better prepared to function as an initial Incident Commander.

Prerequisite: ICS100  
Fees: \$200    Hours: 21  
Nov 7 to 28 | Nov 21 to Dec 12
